## J. E. CRITES IS SHOT BY A WOMAN IN SALT LAKE

J. E. Crites, a Union Pacific brakeman and a former resident of Ogden, was shot and probably fatally wounded at 1 a. m. today, at his residence, 443 South West Temple street, Salt Lake City, by a woman. The bullet entered Crites' abdomen and he is now at the St. Mark's hospital in Salt Lake, where he was to undergo an operation this afternoon.

The woman, of whose identity the Salt Lake police are not certain, gave herself up to the officers but up to a late hour this afternoon had refused to make any statement concerning the shooting and the efforts of the officers to persuade Crites to talk of the affair had been equally fruitless. It is supposed by the police, however, that the woman is the brakeman's wife.

News of the shooting was first received in Ogden at the offices of the operating department of the Salt Lake division of the Southern Pacific and

later particulars were secured by the local police department.

During his residence in Ogden, Crites was employed by the Southern Pacific as a freight brakeman and conductor and a passenger conductor, being in the service from 1902 until 1909. He then entered the employ of the Union Pacific as a brakeman and later moved to Salt Lake City. He is 35 years of age.

## BLISTER RUST IN FOREST NURSERIES

Dr. George G. Hedgecock, of the federal bureau of plant industry, arrived in Ogden from the east this morning. After spending a few hours at local forest service headquarters, he left this afternoon for the Pocatello forest nursery, for the purpose of looking into the reported possible infestation of White Pine blister rust at that point. On his return from Pocatello, he will visit the Beaver Creek and Cottonwood nurseries on the Wasatch forest.

White Pine blister rust is found to a limited extent in our forest nurseries. The disease is carried through the medium of currants. In the course of his trip, Dr. Hedgecock will visit Santaquin, where an infestation of currant nursery stock is reported.

Assistant District Forester C. G. Smith, in charge of the office of silviculture, leaves this afternoon for the Payette national forest, in southern Idaho, to spend about ten days on inspection of local timber sale work.

## ROSENTHAL CASE IN THE CITY COURT

A demurrer was argued and testimony taken in the case of the City vs. D. Rosenthal yesterday in Municipal Judge G. S. Barker's court. The defendant was represented by Attorneys Joseph Chez and D. L. Stine. He is charged with having obtained \$250 from the Commercial National bank under false pretenses, the complaint alleging that he wrote a check on the bank, without having the necessary funds on deposit to cover it. In the demurrer, it was contended that the check was post-dated, was for a past indebtedness and that the bank had lost nothing by accepting it. In his own defense, Rosenthal stated that he had given the check to the bank as part payment on an old debt, on June 24 and dated it June 27. R. A. Moyes, witness for the prosecution, testified that the check was presented at the bank on June 27th and the defendant did not have sufficient funds there at the time to cover it. Judge Barker took the case under advisement.

## MEXICAN NOTE BEFORE CABINET

Memorandum of Conferences  
and Verbal Report Given by  
Assistant Secretary Polk.

## MADDEN RESOLUTION

Wants to Know Why Guards  
Are Being Kept at Border  
and Full Details.

Washington, July 21.—While it was admitted at the state department today that a note had been received from the de facto government of Mexico under date of July 11 proposing the appointment of a joint commission to settle border difficulties, officials refused to comment upon the statement given out at Mexico City last night purporting to present the text of the communication.

It was learned from an authoritative source, however, that the Mexico City text, though substantially similar, is not identical with that presented by Eliseo Arredondo, Mexican ambassador-designate, on July 12.

Mr. Arredondo saw Acting Secretary Polk before the latter went to today's cabinet meeting.

Secretary Polk took with him to the cabinet meeting a memorandum of his conferences with Mr. Arredondo which he supplemented with a verbal report of his latest meeting with the ambassador.

Representative Madden, Republican, introduced a resolution today calling on President Wilson to inform the house why the national guard is being kept on the border and if there still is an emergency situation in Mexico.

It asks specifically whether the guardsmen under orders issued so far can be sent into Mexico, for full information of their distribution and situation.

Negotiations Progressing Favorably.  
It was indicated after the cabinet meeting that no statement could be expected today. Mr. Polk's only comment was to reiterate that the negotiations "were progressing favorably." He is understood to have told Mr. Arredondo that he was not prepared to give a reply to the Mexican note.

War department officials today interpreted the action of General Calles, the Carranza commander in Sonora, in returning the Nacozari railroad to American management as indicating a favorable change of sentiment on the part of Mexican officials on the western part of the border.

General Notices Department.  
General Davis, commanding at Douglas, Arizona, telegraphed the department of the transfer. Authority has been granted, he said, to bring daily passenger trains across the border for renovation and return in accordance with the custom pursued prior to the suspension of traffic by Mexican authorities.

Permission has been given for the shipment of coal from the United States for operation of the road.

## DIVORCE CASE BRINGS OUT DEPLORABLE CONDITION

A marriage life, involving four years of parental neglect, was bared in Judge Harris' court this morning, before the four-year-old little girl of the couple, Leland M. Thompson and Maude Thompson, of Plain City.

On a complaint of the husband and the default of the wife, a decree of divorce was granted the former on the 29th day of May, 1916.

The wife, through her attorney, succeeded in making the necessary arrangements to have her side heard and judgment of the court deferred until such was done. She cross-complained that she was guilty of alleged immorality through compulsion; that her husband had urged her to lead a life of shame in order to support him. She states that in December, 1914, she, her husband and one Samuel English were in a rooming house on Twenty-fifth street, and after the two men had administered intoxicants sufficient to make her irresponsible, English took liberties. After four years of misconduct on the part of both, the husband sued for a divorce on the grounds of acts that, the wife contends, were forced upon her.

When Thompson was brought in court this morning to show cause why he should not support the wife and child, he gave as reasons insufficient wages and undesirability on her part.

During the procedure, which consumed an hour, the couple's little girl, innocent of the lurid testimony being given, trotted up and down the aisles of the court room playfully enjoying herself. Once, the little tot, weary of playing, climbed into her mother's arms and said, while her father was being questioned by his attorney, "Mamma, let's go home, I'm sleepy." The mother drew the child close to her.

Judge Harris ordered Thompson to pay \$10 per month for the support of the child. The custody of the little girl came up for a moment's discussion. Attorney Halverson, representing the father, said that he considered, from the admissions of misconduct of both parents, that a third person should be appointed to care for the little child, Cleone Thompson, four years old, who has been, and now is living with, Mrs. Thompson's mother at Plain City.

## WIDELY KNOWN OPERATOR DIES

Associated Press' Crack Sending Telegrapher, Is Stricken by Pneumonia in New York.

New York, July 21.—W. L. Waugh, known to telegraphers throughout the country as "Fat" Waugh, died from pneumonia here last night. Mr. Waugh was born in Fulton, N. Y., in 1860, and began his telegraph career as a messenger boy at the age of 12. He was graduated as an operator for the Western Union at the age of 14 and after a few years of varied employment, entered the services of The Associated Press. Owing to ill health he was placed on the retired list of The Associated Press a few weeks ago.

Waugh's beautiful "Morse" is a tradition not only in The Associated Press service, but among telegraphers everywhere. For many years he was the sending operator in New York on the first main trunk circuit between New York and Chicago and on all special occasions, such as national conventions, he was the sender on what is known as the "Bulletin Wire." Ill health prevented his detail to the last national conventions and for the first time in twenty years The Associated Press was without the services of one who, in the past, had flashed to the world the nominations of half a dozen presidents and vice presidents and the candidates who had opposed them.

## POSSE TRAILING DYNAMITERS

Parties Who Wrecked Home of Mine Superintendent Being Sought by Officers.

Trinidad, Colo., July 21.—A posse with dogs were trailing the unknown person or persons who, early today, exploded a charge of dynamite that partially wrecked the home of Charles O'Neil, superintendent of the Colorado Fuel & Iron company mine at Starkville, six miles west of here. None of the nine occupants were seriously hurt.

Eighteen feet of fuse were found near the scene, but up to 11 o'clock no clue as to the identity of the perpetrator and no motive had been discovered. Estimates by officials placed the amount of explosive used at 20 pounds.

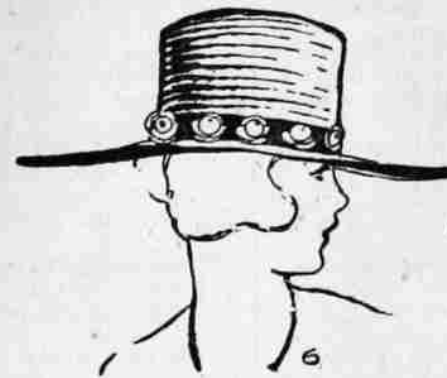

Four O'Neils and five visitors from Kansas were in the house at the time. One woman had her foot bruised by falling debris and another an arm lacerated by flying glass.

The dynamite was exploded on a window sill. The south wall of stone was caved in, all interior doors were blown off their hinges and half the

plastering wrecked by the force of the explosion.

The detonation awakened the residents of Starkville. Officers were summoned from Trinidad, a posse organized and search begun.

## AUSTRIA DODGES U. S. DEMAND

Washington, July 21.—The state department today received from Austria-Hungary through Ambassador Penfield at Vienna a request for additional details regarding the attack by an Austrian submarine upon the American tank steamer Petrolite. Mr. Penfield's dispatch gave no indication as to whether the Vienna government intended to comply with the American demands for an apology, punishment of the submarine commander and reparation for the damage done by the submarine's shell fire. Officials of the department declined

to divulge the nature of the information sought on the ground that negotiations at this time were confidential. A reply will go forward shortly.

The Austrian claim has been that the submarine commander fired on the Petrolite by mistake and that later the master of the tanker voluntarily furnished the submarine with provisions. The Petrolite's captain swears he was shelled and compelled to surrender the supplies.

**British Steamer Sunk.**  
London, July 21, 1:08 p. m.—Lloyd's reports that the British steamship Yzer has been sunk.  
The Yzer sailed June 15 from Portland, Me., for Cette, France. Her gross tonnage was about 3300.

Algiers, Algeria, July 21, via London, 1:08 p. m.—The British steamship Grangemoore, 2188 tons gross and owned by the Moore line of New Castle has been sunk by a submarine. Her crew was landed.
